Kids' Kloset

If you have been to the Kids' Kloset recently, you may have noticed its' fresh and new look. Efforts to revitalize the Kids Kloset, which started last year are continuing with the recent addition of murals. Former Emergency Management Director Dan Pike painted colorful murals on the walls. This project was made possible through many volunteers and local merchants. Kids Kloset is run by Hooksett Kiwanis. They offer free children's clothing to the needy members of the community.

Hooksett Emergency Management Functional Needs Assessment

During a disaster or an emergency, people with functional needs may require assistance with communication, medical support, or transportation. This voluntary assessment is part of an annual program through the Hooksett Emergency Management Office to identify people who may need assistance in the event of an emergency. If you or someone you know needs individual help, it is important for you to let our office know. Just fill in the information and return the form. If you have any questions concerning your need for assistance during an emergency or if you are concerned about someone you know who may need specialized emergency help, call the: Hooksett Fire-Rescue Dept. (603-623-7272) or Hooksett Police Dept. (603-624-1230). Completion and submission of this assessment does *not* guarantee services and should not take the place of personal preparation. Remember, in an emergency, you will be better prepared if you know how to help yourself and others, as well as how to receive help from others. If you or someone you know needs individual help in an emergency, it is very important for you to let us know. This assessment will be conducted annually.

This information will be kept confidential by the Town of Hooksett Emergency Management.
