Mr. Andre Garron  
Town Administrator  
Town of Hooksett  
35 Main Street  
Hooksett, NH 03106  

Dear Mr. Garron:

The HealthTrust Board of Directors met on October 6, 2020 to set renewal rates for the CY2021 renewal period. Enclosed are your Member Group’s renewal rates for medical coverage for the period of January 1, 2021 through December 31, 2021 for your current benefit plans. Also included are the renewal rates for dental, life, short-term and long-term disability coverage, if applicable. Your Benefits Advisor can work directly with you to provide alternative benefit options and applicable rates. Please see the enclosed transmittal for your Member Group’s specific renewal rates for all your coverage lines.

This year’s rating process uses a different claims experience period than is typically utilized to set medical and dental rates as a result of COVID-19’s disruption to normal claims activity. Starting March of 2020, the COVID-19 pandemic resulted in the cancellation or deferral of a significant volume of elective and non-emergency medical and dental care that would have taken place during the period of March through June 2020 but for the state of emergency. As a result, for the current rating, Milliman’s actuarial review utilized a 12-month claims experience period from March 2019 through February 2020 that ended just prior to the impact of COVID-19. In calculating these rates, Milliman also took into account projected increases in future claims that are anticipated to occur between January 1, 2021 through June 30, 2021 as covered individuals reschedule some of the care they postponed due to COVID-19.

**Medical Rates**  
The rate adjustment for all Member Groups renewing medical coverage for CY2021 (January 1, 2021 – December 31, 2021) is an overall average increase of 6.8%. This increase primarily is due to projected medical and prescription trend and increased claims utilization. Your Member Group’s rate change will vary from this overall average increase based in part on your Group’s own claims experience. If you are a Group in the Small Group Rating Tier (50 and Under), or part of a combined rating group, your rate reflects the claims experience of that combined rating group.

**Dental Rates**  
For Member Groups currently participating in HealthTrust’s dental coverage, there is no rate change for CY2021 (January 1, 2021 – December 31, 2021).

As a reminder, the HealthTrust Board of Directors voted to implement a one-time, temporary increase of the annual plan year benefit maximums by 50% for the CY2021 plan year (January 1, 2021 through December 31, 2021). This was done to assist individuals who may have been impacted by the COVID-19 pandemic due to the temporary closure of dental offices for non-emergency care during the current CY2020 plan year.

**Short-Term Disability Coverage**  
For Member Groups currently participating in HealthTrust’s short-term disability coverage, there is an overall base rate increase of 4.0% for CY2021 (January 1, 2021 – December 31, 2021) due to increased claims volume and average claim duration. However, your Member Group’s actual rate adjustment will vary from the overall increase depending on your Group’s experience and demographic make-up.
Long-Term Disability Coverage
For Member Groups currently participating in HealthTrust’s long-term disability coverage, there is **no rate change** for CY2021 (January 1, 2021 – December 31, 2021).

Life Coverage
For Member Groups currently participating in HealthTrust’s life coverage, there is **no rate change** for CY2021 (January 1, 2021 – December 31, 2021).

Benefit Advantage
For Member Groups currently participating in HealthTrust’s Benefit Advantage Health Reimbursement Arrangement (HRA) and enhanced Flexible Spending Account (FSA) services, there is **no change** to the per participant/per month fees. As a reminder, there are no annual fees and FSA and HRA administrative services per participant/per month fees continue to be waived for participants enrolled in the following HealthTrust medical plans: AB15/40IPDED, ABSOS20/40/1KDED, ABSOS25/50/3KDED, ABSOS30/60/5KDED, ABHD/5K/20COIN and LUMENOS2500.

FY2020 Return of Surplus
The HealthTrust Board of Directors also voted at the October 6th meeting to return $18,786,984 of surplus to HealthTrust Members who participated in HealthTrust’s medical, dental and/or short-term disability coverage lines during FY2020 (July 1, 2019 – June 30, 2020) in proportion to each Member Groups’ respective contributions for such coverages. Member Groups will receive a separate notification next week that will include information by coverage line regarding your Group’s share of the Return of Surplus, if applicable. At that time, reports will be available, on the Secure Member Portal (SMP), detailing the enrollment numbers and contributions on which your Member Group’s share of the Return of Surplus was determined. These reports can be accessed on the SMP by your Member Group’s designated Benefit Administrator.

**DISCLAIMER:** Monthly rates are based on a minimum of 75% participation of all eligible employees who do not otherwise have group medical coverage. All deductibles and benefit limits shown are per plan year (January 1 through December 31).

Active employees and retirees must be offered the same prescription drug coverage. HealthTrust reserves the right to change these rates if there is a +/- 10% in enrollment. All deductibles and benefit limits shown are per plan year (January 1 through December 31).
The renewal rates were set by the HealthTrust Board of Directors (HealthTrust Board) on October 6, 2020 as the last step in our comprehensive rate setting process. Staff and external actuaries (Milliman) work together to review historical claims data that is then projected forward using the latest trend forecasts to derive the change required, if any, in renewal rates. This information is presented to the Board’s Finance & Personnel Committee for their review and consideration. The Finance & Personnel Committee determines the recommended renewal rates, which are then presented at two public hearings for Members. Finally, the HealthTrust Board adopts the renewal rates, taking into consideration feedback received from the two public hearings and the recommendation by the Finance & Personnel Committee.

This year’s rating process used a different claims experience period than is typically utilized to set medical and dental rates as a result of COVID-19’s disruption to normal claims activity. Starting March of 2020, the COVID-19 pandemic resulted in the cancellation or deferral of a significant volume of elective and non-emergency medical and dental care that would have taken place during the period of March through June 2020 but for the state of emergency. As a result, for the current rating, Milliman’s actuarial review utilized a 12-month claims experience period from March 2019 through February 2020 that ended just prior to the impact of COVID-19. In calculating these rates, Milliman also took into account projected increases in future claims that are anticipated to occur between January 1, 2021 through June 30, 2021 as covered individuals reschedule some of the care they postponed due to COVID-19.

The overall medical rates are comprised of several components. Claims are the largest component at approximately 93% of the rate, 3.1% for Claims Administration, 1.9% for HealthTrust’s Operations (net of investment income), and 1.3% for Wellness and SmartShopper. The remainder of the rate is for required state vaccine fees (0.2%) and risk charges recommended by the actuary (0.6%) for needed reserves.

HealthTrust works with its actuaries from time to time to determine the relative cost of the different medical benefit options we offer. At this time, the percentage rate change for each benefit option will remain the same as the overall percentage rate change for Member Groups.
Capital Adequacy Reserve Level

Annually the HealthTrust Board determines the target level for HealthTrust’s capital adequacy reserve. The purpose of a capital adequacy reserve is to ensure that all future obligations for the payment of claims and expenses are fully paid even if HealthTrust’s actual experience differs from the rating assumptions used to set the contribution rates. Check out our video explaining Capital Adequacy Reserve on our website www.healthtrustnh.org, in the “Who We Are” section under Financials.

HealthTrust locks in the rates it charges for future coverage based on the actuaries’ best information known at this time. However, actual future claims costs may be significantly higher than predicted for numerous reasons. The capital adequacy reserve exists to make sure HealthTrust can pay claims and expenses even if future performance differs from the projections used to set rates.

The HealthTrust Board has established a policy that it shall rely on the opinion of a qualified actuary using a sound actuarial methodology to determine the target capital adequacy reserve level for HealthTrust to meet its obligations to pay claims and expenses, even if the rating assumptions end up being too low. This policy is consistent with the NH Supreme Court’s 2014 decision which addresses how such reserves should be set.

HealthTrust retained the Milliman firm, one of the preeminent actuarial firms in the country, to determine, using an actuarially sound methodology, how much capital adequacy reserve HealthTrust needed as of the start of this fiscal year, July 1, 2020. Milliman recommended that HealthTrust should target a capital adequacy reserve level of $90 million to $140 million. This amount provides HealthTrust with a 95% confidence level that it can meet all its obligations over a 5-year period. Milliman recommends that HealthTrust use that confidence level as it provides only a 5% chance of insolvency over the next five years. Where in this range the reserve needs to be depends on whether HealthTrust has pricing flexibility to respond to adverse situations as they develop.

Based on this actuarial recommendation, the HealthTrust Board established a capital adequacy reserve target level of $90 million as of June 30, 2020.

Return of Surplus

After the Board sets the capital adequacy reserve level, it determines whether there is any surplus to return to Members. The 2020 Fiscal Year audited financial statement Net Position is $108.8 million, which exceeds the Capital Reserve Target ($90M) adopted by the Board. Therefore, for FY2020, there will be a Return of Surplus in the amount of $18.8 million to Members for the fiscal year ending June 30, 2020.

*Once the HealthTrust 2020 Fiscal Year audited financial statement is finalized, it will be posted online on our website www.healthtrustnh.org, in the “Who We Are” section under Financials.

Plan Enhancements and Updates

Early Intervention Services

- HealthTrust medical benefit options will now provide coverage for medically necessary early intervention services at no cost share, with the exception of our High Deductible Health Plans (LUMENOS2500 and ABHD/5K/20COIN) where only the Standard Deductible (no Coinsurance, if applicable) will continue to apply.
- Early intervention services are covered from birth to the covered dependent’s third birthday. Eligible covered dependents are those with significant functional physical or mental deficits due to a developmental disability or delay. Covered services include medically necessary physical, speech/language and occupational therapy, nursing care, and psychological counseling provided by eligible behavioral health providers, such as clinical social workers.  

Telemedicine Services

- HealthTrust medical benefit options currently provide expanded access to telemedicine services, including audio-only services, on the same basis as coverage for in-person visits during the COVID-19 State of Emergency. HealthTrust will now continue to provide this expanded telemedicine coverage on an ongoing basis.

Prescription Diabetic Insulin

- All CVS Caremark prescription coverage plans will limit the applicable copayment for covered diabetic insulin medications to no more than $30 for each 30-day supply. Copayments will remain the same for diabetic insulin filled through the mail service pharmacy or CVS retail pharmacy (Maintenance Choice) for up to a 90-day supply. All other plan provisions remain in effect.
- High Deductible Health Plans (LUMENOS2500 and ABHD/5K/20COIN) with Anthem/IngenioRx prescription coverage will limit cost sharing for covered diabetic insulin medications to no more than $30 for each 30-day supply or $90 for a 90-day supply, and the Standard Deductible and/or Coinsurance will not apply.

Dental Plan Benefit Maximum Temporary Increase

- Annual plan year benefit maximums will increase on a one time, temporary basis by 50% for the CY2021 plan year (January 1, 2021 through December 31, 2021) due to the COVID-19 pandemic. This will assist covered individuals who may have been impacted relative to their dental care. Please note, lifetime Orthodontic maximums are not being adjusted.
- This temporary benefit maximum increase applies to all HealthTrust dental plan options.

### 2019 Plan Enhancements

1. Referrals are not required for care provided within the Access Blue New England Network.
2. Benefits are limited to the Maximum Allowable Amount (MAA). Under Out-of-Network Benefits, you may be responsible for paying the difference between the MAA and charge. Self-referred care may require preauthorization/precertification from Anthem.
3. The Out-of-Pocket Limit includes all Deductibles, Coinsurance, and Copayments. You pay during a year for medical and prescription expenses under this medical plan and your HealthTrust prescription benefit program. It does not include your premium, amounts over the Maximum Allowed Amount, penalties, or charges for noncovered services. Once the combined Out-of-Pocket Limit is satisfied, you will not have to pay additional Deductibles, Coinsurance, or Copayments for the rest of the year.
4. If you are enrolled at the 2-person or family level, eligible expenses incurred by you or any of your enrolled family members count toward satisfying the entire 2-person/family deductible and/or coinsurance.

Please note that throughout this chart any reference to year means plan year. Plan year is January 1, through December 31.

This chart is intended for summary purposes only. Details of coverage are set forth in separate documents, which govern these plans.

October 13, 2020

Mr. Andre Garron
Town of Hooksett
35 Main Street
Hooksett, NH 03106

Dear Mr. Garron:

On October 6, 2020, the HealthTrust Board of Directors formally approved the organization’s Fiscal Year 2020 audited financial statements and declared a return of surplus to Member Groups in the amount of $18,786,984.

This surplus will be distributed to Member Groups that participated in HealthTrust’s self-insured coverage lines (medical, dental and/or short-term disability) during the 2020 Fiscal Year in proportion to their respective contributions for such coverages. Enclosed is information by coverage line regarding your Member Group’s share of the return of surplus. Please note, your Member Group’s share of the return will be sent by check on November 19, 2020, unless you request a contribution holiday, in writing to healthtrust-ed@healthtrustnh.org, by October 30, 2020, in which case your Member Group’s return of surplus will be applied to your December 2020 invoice, issued in late November 2020.

Your return of surplus is one of the benefits of Membership in HealthTrust. Each year we retain only the amount needed to pay for claims, administration and reserves. Any amounts above that are returned to Member Groups as surplus. This year’s return of surplus is due, in large part, to the impact of COVID-19. As a result of the pandemic and the related stay at home orders, many covered individuals cancelled or deferred non-emergency medical and dental care which led to a significant and unanticipated reduction in HealthTrust’s claims activity during the fiscal year resulting in this return of surplus to our Member Groups.

Reports are now available, on the Secure Member Portal (SMP), detailing the enrollment numbers and contributions on which your Member Group’s share of the return of surplus was determined. These reports can be accessed on the SMP by your Member Group’s designated Benefits Administrator.

Please know that HealthTrust is here for you, our Members, during these challenging times. The Board and staff remain committed to providing you with exceptional support, responsive member service, innovative health and wellness programs, and a full range of plans to meet your Member Group’s and employees’ needs for high quality, cost-effective health, dental and disability coverages and programs.

Sincerely,

Cathy Ann Stacey, Chair
HealthTrust Board of Directors

Wendy Lee Parker, Executive Director

The return of surplus will be distributed as a check on November 19, 2020 unless a Contribution Holiday is requested in writing by October 30, 2020 to healthtrust-ed@healthtrustnh.org. Requested Contribution Holidays will be reflected on the December 2020 invoice, issued in late November 2020.
Resolution to Notify Members of the Expected Distribution of Surplus:

WHEREAS, the COVID-19 pandemic and the related Stay at Home Emergency Orders have resulted in a significant reduction in HealthTrust's coverage claims during the last four months of FY2020;

WHEREAS, this reduction in claims has resulted in a projected but as of now, unaudited FY2020 total net position of approximately $106.8 million;

WHEREAS, HealthTrust's independent consulting actuary, Milliman, using a sound actuarial methodology has recommended that as of June 30, 2020, HealthTrust set its Capital Adequacy Reserve Target at between $90 million and $140 million (depending on how much flexibility it has to raise rates in the future);

WHEREAS, based on the Milliman recommendation, the Board of Directors voted to set HealthTrust's Capital Adequacy Reserve Target as of June 30, 2020 at $90 million, which results in the projected, but unaudited excess surplus for FY2020 of $18.8 million;

WHEREAS, pursuant to RSA 3-B:5(6)(c) HealthTrust is required to 'return all earnings and surplus in excess of any amounts required for administration, claims, reserves, and purchase of excess insurance to the participating political subdivisions';

WHEREAS, the amount of excess surplus that must be so returned is to be based on the year-end audited financial statement;

WHEREAS, HealthTrust's FY2020 unaudited financial statement will not be available prior to October 6, 2020 and once available, the audited financial statement may indicate an amount of excess surplus for FY2020 that differs from the amount of excess surplus projected at this time;

WHEREAS, HealthTrust's Member political subdivisions are experiencing significant financial pressures due to the impacts of the COVID-19 pandemic and the resulting recession;

WHEREAS, HealthTrust's distribution of its FY2020 excess surplus distribution could assist its Member political subdivisions with these financial pressures;

WHEREAS, many of HealthTrust's Member political subdivisions will only be able to maximize the positive impact of HealthTrust's distribution of FY2020 excess surplus if they are able to account for such funds by September 1, 2020 in time for their annual filing with the Department of Revenue Administration (DRA);

WHEREAS, HealthTrust may inform Members of the expected FY2020 return of surplus prior to the availability of HealthTrust's FY2020 audited financial statement and in time for its Member political subdivisions to include the expected FY2020 return of surplus in their September 1, 2020 filing with the DRA; and

WHEREAS, HealthTrust will determine the exact amount of the FY2020 distribution of excess surplus after it receives its FY2020 audited financial statement which is anticipated to be on October 6, 2020;

NOW, THEREFORE, on August 7, 2020, the Board of Directors of HealthTrust, Inc. (the "Board") hereby adopts the following resolutions:

I. RESOLVED, the Board, hereby declares that it expects the amount of FY2020 surplus it will distribute to Members pursuant to Section 3.1 and 5.2 of the Bylaws after it receives the audited financial statement on October 6, 2020 to be approximately $18.8 million which it expects to distribute amongst its Members who participated in HealthTrust's medical, dental and/or short-term disability coverage lines during FY2020 in proportion to each Member's respective contribution for such coverages; and

II. FURTHER RESOLVED, that prior to September 1, 2020, HealthTrust staff shall notify each Member of the amount of FY2020 surplus it is expected to receive as part the expected return of surplus together with a statement that the final amount of FY2020 surplus to be distributed will be determined after the audited financial statement is accepted by the Board on October 6, 2020, and that the final amount of FY2020 surplus to be distributed may be more or less than the amount expected (subject to final audit adjustment).

A. Garron: Todd Rainier is here now, so could we take the taxi cab ordinance item off the table?

Removal of Taxi Cab Ordinance, Other Ordinances, #00-20

TC MINUTES 10-09-19
BACKGROUND INFORMATION:
The Town of Hooksett collects school impact fees at the time the Town issues occupancy permits. These fees are collected in order to offset the cost of growth for the new developments.

Each year at this time, the Town transfers the fees collected during the year to the School District to offset the cost of the new middle school and renovations at Memorial School. Back in 2003, these two projects were funded with a 20-year bond and it was determined they met the criteria for impact fees use.

As of September 30th, the school impact fee special revenue fund had a balance of $285,427.78. A transfer of the full amount is recommended at this time.

FINANCIAL IMPACT:
None to the Town, but this transfer will reduce the amount of property taxes needed to support the School District.

RECOMMENDATION:

SUGGESTED MOTION:
Motion to transfer $285,427.78 from the School Impact Fee Special Revenue Fund to the Hooksett School District.

BACKGROUND INFORMATION:
The developers of the Brookview Development are requesting that the Town of Hooksett accept a portion of Brookview Drive from Station 5000+00 (adjacent to Lot 59-58-56/Residence #151) to Jacob Drive (a distance of approximately 2,800 feet). This portion of the road represents Phase III and has been completed. A sketch showing the section of roadway to be accepted is attached.

At this time, I’m recommending a partial release. Although the detention basins are complete, I am recommending that they not be accepted until the remaining roadways are complete (Phase IV consisting of Sophie Circle and Colleen Court). Once those streets are complete, the detention basis will be evaluated to determine if any sedimentation has taken place from the ongoing construction and any adverse conditions will be corrected by the Developer. At that time, the remaining Letter of Credit will be released.

The current Letter of Credit for this phase is $234,610.00. This Letter of Credit may be reduced by $184,610.00. The remaining $50,000 is sufficient to cover any remaining work related to the detention basins.

Note Phase I & 2 (Brookview Drive from the Londonderry Turnpike to Station 50+00 has been previously completed and accepted. The bonds for Phase IV will remain in place. Phase IV consists of Colleen Circle ($105,170.00) and Sophie Circle ($71,192.00).

FINANCIAL IMPACT:
None, although Public Works will have to maintain the road once accepted.

POLICY IMPLICATIONS:
None

RECOMMENDATION:
Accept Phase III of the Brookview Subdivision which is Brookview Drive from Station 50+00 adjacent to House #151 to Jacob Drive and release $184,610.00 of the Letter of Credit, reducing it from $234,610.00 to $50,000.

SUGGESTED MOTION:
Motion to accept Phase III of the Brookview Subdivision which is Brookview Drive from Station 50+00 adjacent to House #151 to Jacob Drive and release $184,610.00 of Irrevocable Letter of Credit #532201 to Stinson Hills, Inc., reducing it from $234,610.00 to $50,000.

A walk-thru was conducted at the referenced site on October 1, 2020. The following were in attendance: Earl Labonte, Tom Bartula, Bob Grondin, and Bruce Thomas.

The area that was inspected was Brookview Drive from Station 50+0 (adjacent to Lot 59-58-56/Residence #151) to the intersection of Brookview Drive and Jacob Drive (Phase III).

After visiting the area on October 14, 2010, I noted that the punchlist items were completed. I will be recommending approval of the roadway at the October 28, 2020 meeting of the Town Council.

Note that the detention basins are complete, but are not to be accepted until the remaining roadways are complete (Phase IV consisting of Sophie Circle and Colleen Court).

SPECIAL RECOGNITION
Hooksett Youth Achiever of the Month - Kasarah Juneau

T. Tsantoulis: This is my favorite part of being a Councilor. The youth of our community amaze me. They have great backgrounds, given their ages, especially. Kasarah Juneau has an impressive resume for a 13-year old. She has her own woodworking business, Granite State Pen and Woodworking. She is doing many special things in Hooksett. A student at Cawley Middle School, she is a member of the National Junior Honor Society and was recently elected vice president of the Society. She works at school-sponsored pancake breakfasts, and works to help the homeless and underfed in the community. She participates in dance competitions and teaches dance to younger students. She is a member of the Creative Dance Workshop, which has an annual charity show in December, and each year a different charity is chosen. Her mother wrote a letter about her daughter in which she said that Kasarah has a ‘big heart.’ This motivates her to do the things she does, such as helping in the nursery at her church and ringing the bell for the Salvation Army. We have these students doing wonderful things in large part because of the great families in our town. Town Councilor Clifford Jones is Kasarah’s proud grandfather. Congratulations.

Hooksett Municipal Employees

A. Garron: We have no new hires to report tonight. Earl Lincoln is retiring from his position as a Fire-Rescue lieutenant and Jason Peacock is leaving his position as an assistant crew chief at Public Works.

Chair Sullivan: Thank you for your service to Hooksett and best wishes.

SCHEDULED APPOINTMENTS
Trustees of the Trust Funds Update
Claire Lyons, Trustees Chair: I would like to introduce the other two Trustees – Linda Krewson and Henry Roy. We are fortunate in that two of our members have financial backgrounds, and Mr. Roy has worked as an accountant for 55 years. The Funds are doing well, and Mr. Roy will provide our report.

H. Roy: We are governed by RSA 564-b, the prudent investor rule, which requires investments which provide preservation and appreciation of capital. We are severely restricted in terms of the Capital Reserve Funds, being required to have 15% in US stocks and 85% in bonds. The Trust Funds are required to be 25% stocks and 75% bonds. A few years ago, we retained Three Bearings Fiduciary in Hampton, who work with Fidelity. As of the end of 2019, the Capital Reserve Funds balance was $12,303,447. In that year the Capital Reserve Funds earned $268,673.00, net of fees totaling $30,968.00. In 2018 we earned $253,116.00. The Trust Funds represent a much smaller amount – between $300,000.00 and $400,000.00. The fund balance at the end of 2019 was $322,403.00 and these funds earned $10,165.00, net of fees. In 2020, they earned $9,503.00.

R. Lapierre: Is it accurate to say that your goal is to beat inflation and maintain principal?

Ms. Lyons: Yes, and to preserve capital.

R. Lapierre: Fidelity has Treasury inflation-protected mutual funds which can be acquired without a broker.

C. Lyons: We don’t have the large amounts needed to purchase our own bonds.

H. Roy: The fees we pay are the lowest around, ranging from 0.05% for the first few million to 0.0005% for more amounts over $10 million.

C. Lyons: There are a lot of small trust fund amounts for perpetual care. Per NH law, each of these must remain separate.

H. Roy: The cemetery funds are a nightmare.

D. Boutin: What is the current rate of inflation?

H. Roy: It is 1.3%. Our objective is to beat the inflation rate and we did that in both funds.

D. Boutin: You said that you have a balance of about $12 million. What is the money used for?

C. Lyons: These funds are in various Capital Reserve accounts.

D. Boutin: We are trying to rehabilitate the Old Town Hall. Would you have funds for that?

C. Lyons: No, we do not. Capital Reserve accounts are each set up for a specific purpose. The Trustees do not decide where or when these funds are spent.

D. Boutin: So, you don’t provide funds to the Town?

C. Lyons: Funds are placed in these accounts by various entities, including the Sewer department, the Water companies and the Fire Department. The funds could be from taxpayer dollars, fees and donations. For example, The Fire Department, through warrant articles, can place funds in these accounts in order to buy a new fire truck without causing a big spike in the tax rate.
D. Boutin: What restricts you from allocating funds to Old Town Hall?

C. Lyons: A fund has to be set up and funds allocated to it via a warrant article. We don’t make decisions about dispersing funds. We are instructed as to how to distribute funds.

D. Boutin: Does the Police Department have a Capital Reserve fund?

H. Roy: They had a K-9 fund but that has all been dispersed.

A. Garron: Capital Reserve funds may only be used for their intended purposes.

Chair Sullivan: Does the interest earned go to these funds?

C. Lyons: Yes, it does.

C. Jones: Capital Reserve funds are item-specific, right?

H. Roy: Yes, they are.

R. Lapierre: Thank you for preparing this information. It would be easier for me to follow along if I had a table to look at.

C. Lyons: We will provide that next year. This information is in the Town Report.

R. Duhaime: Is there a Capital Reserve account for Impact Fees?

A. Garron: No, that is under the purview of the Finance Department.

R. Duhaime: Where would I find that information?

A. Garron: It is in your Budget Book – one of the sections near the end.

D. Boutin: Is there a Town Building Maintenance Capital Reserve Fund?

Chair Sullivan: Yes, there is.

A. Walczyk: Thank you for putting this together. It sounds as if you would like to consolidate the Trust Funds for perpetual care. Is it State or local regulations which prevent this?

H. Roy: It is NH law.

Chair Sullivan: We may be able to get you some help through the NHMA.

D. Boutin: I know the person at NHMA who could help you, and I can put you in touch with him.

Chair Sullivan: Thank you for providing this information.

C. Karolian motioned to enter non-public session of 10/14/2020 in accordance with RSA 91-A:3, II (c) at 6:48 pm. R. Lapierre seconded the motion.

TOWN ADMINISTRATOR’S REPORT
A. Garron: As a quick follow-up on our September 30th meeting at which we finalized the budget for the Budget Committee, Councilor Boutin asked me to determine the impact of the warrant articles. That impact is $0.49, not including the non-union wage increase and the DPW union wage increase, because those amounts haven’t yet been determined. For the operating budget, the impact is $4.62.
Chair Sullivan: That is not an increase of the tax rate.

A. Garron: No, it is not. The tax rate hasn’t been set.

D. Boutin: I asked for the tax impact.

Chair Sullivan: The tax rate last year was $21.55 per thousand.

A. Garron: The proposed budget is lower than the default budget. I will have the correct figure for the next meeting. At the Budget Committee meeting of October 1st, they reviewed the budgets of the Police Department, Administration, Community Development (including the ZBA and the Planning Board), and the Finance Department. When they meet tomorrow evening, they will take up the Fire Department, Library and the Town Clerk/Tax Collector Department. We still need a Town Council volunteer for the Budget Committee. Zoom is an option for participation.

A. Garron: Regarding COVID, unfortunately Hooksett has ten (10) additional cases. This is a spike. From March until now, Hooksett has had 102 cases. The spike is attributed to more events being held inside.

D. Boutin: What is the total number of deaths in Hooksett from COVID?

A. Garron: I don’t have that number with me, but I can have it for the next meeting.

R. Lapierre: Does the spike coincide with the return to school?

A. Garron: Yes, it does.

A. Garron: We have had more requests for use of the gym. Family Services has two activities planned for kids – one in November and one in December. Pickleball has also requested use of the gym. These groups have their own protocols for sanitizing, etc. We review these protocols, and encourage groups to refer to the Governor’s site, which has good information.

A. Garron: Donna Fitzpatrick is on vacation. Her title has been upgraded from Administrative Services Coordinator to Human Resources Coordinator, to better define her responsibilities. Her new duties as ADA Coordinator have been added to her job description.

Chair Sullivan: I have done a quick calculation and have come up with a tax rate increase of $0.70 for this year. Mr. Garron can double check this.

D. Boutin: I just want to say that tensions were high at our last meeting, but that is not a reflection on the Chair.

T. Tsantoulis: I concur with that.

Chair Sullivan: We are all working together.

R. Duhaime: Can you report on the progress with the new sound system and the air conditioning modification?

A. Garron: The air conditioning devices haven’t been installed yet. The equipment is still coming in for the sound system. Tomorrow is the deadline for the final GOEFR submittal.
N. Germain: The equipment for the gym and the chambers came in today. It will be installed in November.

A. Garron: The LED conversion project is going according to plan. We have 409 lights to convert from sodium vapor to LED. Of these, 13 did not ‘have a home’ in the ledger. Part of the project included identifying these, which has been done, and the ledger has been corrected. Affinity, the NH company with whom we have contracted, is delivering the lights and will start installing them next week.

Chair Sullivan: Next, we will be doing all of the town buildings.

A. Garron: Yes, that would be good.

N. Germain: David Boutin was previously appointed to the TIF Advisory Board. We have conducted research to see if there is a possible conflict if Mr. Boutin serves as both a Town Councilor and a member of the TIF Advisory Board. There is nothing to prevent his nomination and appointment. He fulfills a requirement that a resident of the District be on the Board.

Chair Sullivan nominated David Boutin as a member of the TIF Advisory Board.

Chair Sullivan motioned to waive the rules for all appointments at this meeting. D. Boutin seconded the motion.

Backhoe Replacement
D. Boutin motioned to approve and consent the purchase of Case 590SN Loader Backhoe from Beauregard Equipment in the amount of $50.00, with trade-ins (2001 Deere 210-G Backhoe and 2015 Hyundai 180W-9A Excavator). Chair Sullivan seconded the motion.
E. Labonte: We have talked about fleet reduction. The Hyundai Excavator is five years old and has been operated for only 300 hours, using three sets of batteries. It was purchased for wholesale pipe replacement, but the department didn’t have the manpower or the equipment for that. It would cost us $500.00 to deliver this to a site and another $500.00 to return it.

D. Boutin: What was the trade-in value of the Hyundai?

E. Labonte: That information is in your packet. I believe it is about $96,000.00.

C. Karolian: This says that the 2014 excavator was assigned. Assigned from where?

E. Labonte: Assigned means purchased and placed in the fleet.

R. Duhaime: What was the original price of the Hyundai?

E. Labonte: It was $245,000.00. In spite of not being used much, its value has depreciated.

Purchase Two New Police Vehicles

D. Boutin motioned to allow the Police Department to purchase two new Police emergency vehicles, plus all related emergency equipment, lettering, and new radar unit for a combined total of $93,579.05. T. Tsantoulis seconded the motion.

Chief Bouchard: I want to introduce Rick Belanger, our Dispatch Officer and Fleet Manager. These are State bid prices. We had to change to hybrid vehicles, and the cost exceeded the budgeted amount by about $8,000.00. We have this amount in underspent lines.

T. Tsantoulis: What do you gain going to hybrid models?

R. Belanger: We will save between $1,450 and $1,500 per year on fuel. We will also save on maintenance – fewer oil changes and the brakes will last longer. The normal five-year warranty is extended to eight-years, excluding non-hybrid components. These vehicles will pay for themselves in about five years. Boston has used hybrids for ten years without problems.

D. Boutin: What will be the disposition of the vehicles you are replacing?

R. Belanger: The Highway Department wants them.
D. Boutin: Are these new vehicles SUV’s or cruisers?
Chief Bouchard: They are both.
Chair Sullivan called for a roll call vote on the motion.

R. Duhaime: Have you considered using motorcycles in your fleet? Londonderry now has two. They are able to write a lot of tickets.
R. Belanger: The training is not simple.
T. Tsantoulis: Although you might save on gas, workers’ comp and items like that might increase because of injuries.
C. Karolian: Keep in mind the COVID pandemic. The training for being a motorcycle officer is very specialized and intensive.
Chief Bouchard: They would only be used seasonally.
Chair Sullivan motioned to have the Police Chief look into adding motorcycles to the vehicle fleet. C. Jones seconded the motion.

SUB-COMMITTEE REPORTS

Chair Sullivan: We still need a volunteer for the Budget Committee. At the last meeting, they reviewed the budgets of the Police, Administration, ZBA, Planning Board and Finance. They increased the
Chair Sullivan: You all know about the Stone House. The Heritage Commission is now looking at the El Rivado Motel on Route 3. At one time there were 12 to 14 motels along this route.

Chair Sullivan: The Bicentennial Committee now has six members, and they have a long list of proposed events – lots of small, nice events.

Chair Sullivan: The Lilac Bridge Memorial is coming along well.

A. Garron: We are very pleased with the work of the contractor on that project.

J. Durand: The DPW union negotiations are going well.

A. Walczyk: We are looking for volunteers to help with the election.

A. Walczyk: The Parks & Rec Committee is putting together plans for the Pavilion. An idea that has been presented is to have people buy bricks to be donated for use in construction of the pavilion.

A. Walczyk: The Conservation Commission has become aware that, unfortunately, a sizeable field populated by Monarch butterflies was mowed in September. Next year, it will be mowed after the first frost so as not to interfere with the migration of the butterflies. The Commission is also preparing to post signs saying NO MOTORIZED VEHICLES in areas where the vehicles would damage trails. They received an $80,000.00 grant for trail maintenance. The source is federal tax dollars from Highway RV’s and snowmobiles.

T. Tsantoulis: The Board of Assessors is caught up with its work.

T. Tsantoulis: We have two new nominations for Hooksett Youth Achiever.

R. Duhaime: The ZBA is reviewing two big projects on Hackett Hill Road. There is a lot of truck traffic, where the traffic situation is already bad. These developments would add to the property tax base and would produce impact fees. However, we are not getting help from the State. We all need to be aware of this. The State needs to do something.

D. Boutin: There would be 90 trucks leaving every morning, and 56 dump trucks carrying Hooksett soil to Massachusetts. That is 1.6 million cubic feet.

Chair Sullivan: Impact fees could be used to solve the problems in the area.

D. Boutin: Major changes are needed at Hackett Hill.

R. Duhaime: Hooksett should require the State to do something, not vice versa. They are adding another exit off Route 93 at a cost of $90 million. We improve our own roads. It is a travesty, what is going on.

Chair Sullivan: What can we do to get involved?
D. Boutin: We should instruct the Town Administrator to ask the DOT what they will require of this developer.

T. Tsantoulis: Isn’t that premature?

D. Boutin: If they are granted a variance by the ZBA, they will move quickly after that.

A. Garron: If there is no application, what am I asking the DOT? I have no issue with asking, but my concern is that due process is followed. The Town Council representatives to the ZBA and Planning Board can relay the information that we have grave concerns about development in the area, mostly because of traffic.

**D. Boutin motioned to instruct the Town Administrator to work with the Planning Board to write a letter to the State DOT regarding the requirements for and concerns about this development.**

Chair Sullivan seconded the motion.

C. Karolian: Do the Town Council representatives on the Planning Board and ZBA having voting rights?

Chair Sullivan: The Planning Board representative is a voting member; the ZBA representative is not. It is an advisory position.

C. Karolian: Is 1.6 million yards of soil being transported to Massachusetts?

D. Boutin: It is 1.6 million cubic feet.

C. Karolian: Is the soil owned by the developer or by the Town of Hooksett?

D. Boutin: It is owned by the developer.

A. Garron: The Planning Board should be asking the DOT questions.

Chair Sullivan called for a roll call vote on the motion.
