Public Input - None

Update - Pavilion: Pavilion has been approved. Shoreline permit is approved. Builder notified. Is it too early to discuss the walkway paved with "bricks" donated by the Citizens in conjunction with Hooksett's Bicentennial. Rudy will discuss with Bruce to see if we need a path and if so how large an area.

Update: Name Plaques in Donati Park: Phil has a lot of diseased trees to take down that have peoples' names on them. A lot of these names had connections to HYAA. The Board feels strongly that the HYAA Board should be involved in all decision making about the future of these names going forward. A representative will be invited to our next meeting to participate in the discussion.

Staff Reports: Parks and Recreation Department: Fall Sports - Soccer, Flag Football, Lacrosse are still restricted using the CDC Guidelines. The HYAA signed waivers agreeing No Town Liability.

Conservation Commission: Trash cans are not allowed on Conservation Property.

Respectfully submitted

Deb Miville, Secretary
