Old Business: No input on Trail head signs for Quimby Mountain

Pavilion Update: Rudy Update: Town Administrator is waiting for answer from legal counsel in regards to Town being able to use Impact Fees for Pavilion. Then request will go to Town Council. We are requesting a meeting before Town Council to present all our information for request of a Warrant Article for the Pavilion. Town Councilor requests pictures or maps we can bring to the meeting to use as visuals during the presentation.

Staff Report: Netting around softball field completed. Fall Sports continue through the end of October. Old Home Day on September 21, will include fireworks.

HYAA: Inherited the "Learn to Ski" Program from the PTA. 160 children participating from all three Hooksett schools at McIntyre Ski Mountain in Manchester. Transportation to the Mountain is provided by McIntyre. Parents must pick their children up after the lessons are completed.

HYAA has decided to Not purchase the Neon Lighted Scoreboard.

Conservation Commission: Hooksett Riverwalk Trail Phase II has begun with the cutting down of trees and placing temporary boards across streams. It was agreed and voted on that the temporary rock access road from Merrimack Street will stay. A shallow covering of loam and grass seed will allow for emergency vehicles to travel on the road without getting stuck in mud or dirt. A gate with 2 different locks will prevent other motorized vehicles from entering the road and traveling on private property.

New Business: Some private citizens at the Dog Park have requested a Heat Blanket to cover the sand the town provided during the winter months, so that the sand doesn't freeze while waiting to be thrown on the ground (to prevent slippery surfaces for the dogs). The private
citizens have been reminded that the Town does not maintain the dog park during the winter months

Old Home Day: the Conservation Commission will be manning a booth during the Old Home Day hours. The Parks and Recreation Advisory Board will not.
