Proposed Scenic Road
Hooksett Boundary Marker

Starting at the Goffstown End

Take a walk towards Hackett Hill Road
Traveling towards Hackett Hill
You may meet a few friends along the way.
The proverbial bend in the road…
Large wet meadow/shrub wetland site. This area is designated as “highest ranked habitats in NH” on the Wildlife Action Plan (2010 map created by Bear-Paw Regional Green ways). Adjacent to Quimby Mountain.
More wetlands a little further north
Home to many critters and creatures.
An old farm road that went through from Anooka Farm to Hackett Hill Road
Some of the beautiful stone walls
This view has it all
Anooka Farm, built circa 1890, a large family-owned dairy operation
Just a wondrous view, lush and green. A living example of Hooksett’s agricultural history.
A tranquil pond
Looking east toward Manchester
Some of the town's most beautiful stone walls. Homestead has over 100 acres of land.
Nearing Hackett Hill Road
Hooksett’s first Scenic Road
BENEFITS FOR THE TOWN IN DESIGNATING SCENIC ROADS

‣ Establishes a procedure for protecting the rural landscape within a public right-of-way, preserving the scenic quality of the road.

‣ Demonstrates the interest of the town and its citizens in preserving the rural and historic qualities of a road.

‣ Stimulates pride in and respect for the existing landscape, areas which contribute to the character of our community.
